Chan,

I am still the contact. I don't think I will be able to participate on the site visit but I was planning on skimming the as-built report. I would like to hear how your site visit goes.

Thanks, Tina

Hi Tina,

I'm not sure if you are still the NWP 32 contact for Port of Tacoma's Upper Clear Creek Restoration Project. They've submitted the as-built and we are coordinating a site visit. Please provide your (or other assigned PM) availability via this Doodle Poll:
